

Writtle Singers

We enjoyed a busy and successful autumn and winter season beginning with our November concert, Northern Lights, on November 17th, which included the choir's first experience of singing in Icelandic as part of our programme based around Scottish and Scandinavian Music. Writtle Singers were delighted to contribute to the family afternoon at the All Saints' Church Tree Festival with a selection of Christmas carols. This was followed by an enthusiastically received Candlelit Christmas Concert on 12th December in All Saints' Church with organist Simon Harvey and readers from the choir. The programme included a number of seasonal pieces with a French theme. Finally to wrap up our term the choir was delighted to be invited to sing in the inaugural Civic Carol Service in Chelmsford Cathedral. We now look forward to 2019.

Though our Open Rehearsal will have been held on January 14th, we would be delighted to welcome any keen singers with choral experience who may be interested in joining our friendly chamber choir.

We are holding another Quiz Night on February 23rd in the Christian Centre. Last year's quiz and supper was well attended where we all enjoyed the opportunity to test our knowledge on a range of subjects and enjoy an inclusive supper. Full details will be on our website but you can also call 07770 884913 for more information.

Earth Hour 2019 occurs on the evening of our spring concert, Night Watch, which will include music for vespers, on Saturday 30th March. We plan to incorporate the Earth Hour theme into our concert.

We do hope to see you at our forthcoming events. More information is available on the website <https://writtlesingers.org.uk>
